My name is Craig Ravenscroft, or Mr. Raven from Ottawa, Canada. I am happy to be teaching grades five and six this year. As a dedicated Elementary school teacher with experience in developing engaging lesson plans and curriculums, I aim to bring my passion for education and my years of teaching experience to the forefront in making a positive contribution to my students' lives. My experience ranges from early education with effective classroom management techniques, to elementary and junior high school across subjects ranging from geography, math, and science to English, art, and computer proficiency. I leverage strong communication, creativity, and motivational skills to accelerate student learning. Living in Taiwan has taught me the value of cultural differences and I love sharing my background and perspectives with my students and hearing their views as we learn about the world around us together.

Hello, parents! My name is Michael McCachren and I am from North Carolina, USA. I will be teaching Grade 5 (Ren and Ai) at GuangRen Elementary this year. I am excited to get to know your children and teach them English interestingly and dynamically, while at the same time teaching and modelling life skills that will help them throughout their entire lives. I had many Taiwanese friends in college, and they were my first experience with the charming people of Taiwan. I love the food and culture of Taiwan, especially the night markets. I also really enjoy learning Chinese and hope to be close to fluent one day. I am looking forward to teaching your children and helping to mould them into the responsible, respectful, and successful global citizens we know they will become.

Hello my name is Ms. Soo Lum. I'm happy to be back with the elementary programs as Vice Principal. I'm coming to Taiwan from Toronto, Canada, and finding that Taiwan is still as beautiful every time I return. I have been with this program since the beginning in 2016. Being a lifelong learner, I think I will always find myself asking questions to find out more about Taiwan. If you see me around, I'm happy if you share interesting places and things I should try here. I'm also trying my best to learn better grammar in Mandarin, especially useful local phrases. If you share a new useful phrase in Mandarin with me, it will absolutely make my day. I am glad to be back at Guangren Elementary, supporting our staff and students again!
