Grade 4 Yellow (Ren) class

四年級仁班黃組

In this class, students started the publishing step of their writing process. For this step, the students had to make a pamphlet. They wrote about the bladder and during this class they wrote and decorated their pamphlet. Here you can see the students writing the information first, before moving on to decorating. A lot of students made very interesting and fun pamphlets about the bladder!

課堂上，學生們開始了寫作過程中的出版步驟。在這個步驟中，學生必須製作一本小冊子。他們寫關於膀胱的內容，在這堂課上，他們寫並裝飾他們的小冊子。在這裡您可以看到學生先撰寫資訊，然後才開始布置。許多學生製作了非常有趣且好玩的膀胱小冊子！

Grade 4 Yellow (Ai) class

四年級愛班黃組

In this class, students did an activity to review what we've been doing in class so far. They had to organise strips of information into the categories for Unit 1: appearance, location and function. They received information about both the heart and the bladder and after reading, each table came to the back and placed the information in the correct section on the board. The students worked together and practiced team work.

課堂上，學生們做了一個活動來復習我們到目前為止在課堂上所做的東西。他們必須將資料條整理成第一單元的類別：外觀、位置和功能。他們收到有關心臟和膀胱的資訊，閱讀後，每桌學生都走到後面，將資訊放在黑板上正確的部分。學生一起練習團隊合作。

Grade 4 Yellow (Xin) Class

四年級信班黃組

In this class, students did a presentation of their published work. The students presented their pamphlets to their table group mates. Students did a great job finishing their pamphlets for the bladder in time to do their presentations. They did a great job in describing the various aspects of the organ by categorizing them in terms of appearance, location, function and healthy habits.

課堂上，學生們做了發表作品的簡報。學生向同桌組的同學呈現了他們的小冊子。學生表現很棒很準時地完成了膀胱的小冊子，並做發表。他們從外觀、位置、功能和健康習慣等方面分類，描述器官的各個層面，表現非常出色。

Grade 4 Green (Ai & Ren) class

四年級愛&仁班 綠組

In this class, the teacher helped the students review the writing process as they prepare for the upcoming CT assignment. They reviewed planning, drafting, revising and publishing their work. Now, the next step is for them to apply what they have learned throughout the unit.
